## H. M. Wetherbee Collection.

This collection was the result of an arrangement made with Mr. H. M. Wetherbee, Kenai, Alaska, on July 26, 1906, for the purchase of skulls that might be brought in by hunters and trappers the following winter. Mr. Wetherbee was then manager of a cannery at Kasilof, owned the store at Kenai and traded to a considerable extent in furs. The negotiations for skulls was carried on through a Mr. William Hunter, who had charge of Mr. Wetherbee's store and was also Post master of Kenai. He is responsible for all the data referable to the different skulls.

G. M. Alexander.
